August 26, 2014

**Date:**

14-08-2014

**Time:**

4:00 P.M

**Attendees:**

Pooja Shamili Ganti

Kavya Nerella

Vishal Gupta

Shubham Ghiya

**Agenda:**

1. We were presented with 2-3 use-cases which will help us in understanding the structure of the system. For better understanding, we were asked to research on more such use-cases.
2. We were asked to individually learn about Thread, mutli-process and Event-based programming and differentiate between all the above methods of programming. Also, finding out which is the best was also a task.
3. For performance-based testing, the design and attributed of the required system had to be researched upon and presented in the next meeting.
4. From the conclusions reached through the reaserch, a high-level block diagram was also expected from us.

**Next Meeting:**

01-09-2014 (tentative)
